I really want to go camping this summer. My friend goes with friends and relatives. For camping it is necessary to have: a tent, sleeping bag, cooker, dishes, lamps, etc. I don't have it all and I should buy it all. My parents don't have enough money to do this. I really want to go camping, I want to sleep in a tent on the beach by the sea. I think my parents should do their best to make it possible for me. My parents suggested we go next year, but next year my friends won't go.

Ask students what would they do in this situation, what strategy would they use and why. Maybe some of the students have been in this or similar situation and they could tell what they have done and what the result was.

Ask students how other persons reacted and what they have learned from this situation.
