TITLE: Helping others

AGE GROUP: 7-8

DURATION: 45 min

LEARNING OUTCOME: Enable learners to develop appropriate values, habits and attitudes when handling money

KEY CONCEPTS: Helping others. Work. Participation.

MATERIALS NEEDED: Copy of worksheet for each student.

LESSON DESCRIPTION:

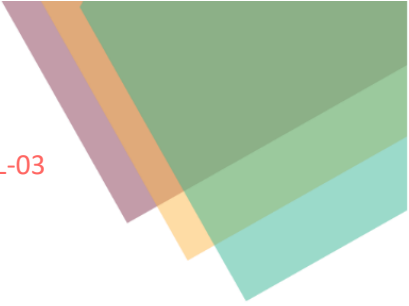

At the beginning of the lesson, show the image on the worksheet to students. Ask students to describe each of the situations.

Afterwards, a short poll can be conducted with students raising hands if they have done any of the situations in the image. Ask them how they felt doing that and what was reactions from others.

Then, ask students to guess what is common to all the situations in the image or ask students to guess the word on the worksheet.

After a short oral presentation on the importance of helping others and working with others ask students to draw the situation where they are helping others and how they feel during that situation.

Have students present their work.
