TITLE: Birthday Gift

AGE GROUP: 7-8

DURATION: 30 mins

LEARNING OUTCOME: Provide opportunities for learners to understand the nature, sources and uses of money

KEY CONCEPTS:

MATERIALS NEEDED:

LESSON DESCRIPTION

Divide into groups

1. I want something useful - a new T-shirt, jacket, shoes
2. I want a new toy - although there are already too many, but a new toy has arrived in stores
3. I want what my friend - a dollhouse - has
4. I want what I saw on the commercial - social game

Talk about the Chosen One - the way we choose whether we choose what we need or are imposed on us

Story 1: You stand in front of the shopping window and see a nice t-shirt. It's your birthday soon and you think it would be a useful gift. The shirt is not very expensive. You will get something beautiful and what you need.

Story 2: A new toy has come to the store that you must have before your friends. It's a little more expensive, but you definitely have to have it. It's your birthday soon and you think it would be a cool gift.

Story 3: A friend of mine got a big doll house from her aunt (from a foreign country). You don't know if there are such houses in our stores or how much it costs, but you definitely want that house for your birthday.

Story 4: You saw a new board game in the commercial, you think it's a lot of fun and you want to get it for your birthday. Price doesn't matter to you.
